CARE HOME

RESIDENTIAL | NURSING | RESPITE & DEMENTIA CARE

A PLACE FOR FRIENDS, MEMORIES AND LAUGHTER

Buchanan House Care Home offers residential, nursing, dementia and respite care for 53 residents over two floors.

Based in Bearsden, our dedicated team are devoted to supporting every resident to get the best experience from every day. We have carefully designed our home with facilities to promote friendship, memories and lots of special moments.

Our aim is to respect the rights, dignity, individuality and lifestyle of each resident. We pride ourselves in delivering person-centred care, coupled with a varied activity programme and an inviting home-from-home environment.

“At Buchanan House, the care is excellent and the staff are fantastic.”

DAUGHTER OF A RESIDENT

OUR CARE

At Buchanan House we provide 24-hour nursing care for residents, including those with physical disabilities, those who need end of life care, those with high dependency needs, and those who become infirm.

We also offer residential and respite care, in addition to specialised care for those living with dementia within a safe and welcoming environment.

Our experienced team are proud to deliver care with respect, compassion and friendship at its heart.

MAKING MORE OF LIFE

At Buchanan House, each of our rooms has been furnished with residents in mind who are invited to personalise their space to truly make it their own.

We love our food at Buchanan House and believe that if you eat well, you live well too. Each day, our chef prepares fresh delicious and nutritious meals that combine variety with a balanced diet. We're happy to take requests, too – whether it's a family favourite or something special to enjoy!

Choice is an important part of remaining independent which is why we provide a plethora of activities to pick and mix from. We encourage residents to socialise and enjoy each other's company whilst respecting that they may need some quiet time – which they can take advantage of anytime in our peaceful lounges.

“An excellent care home. Residents are treated with respect, dignity and care.”
